

DS-K3H4420-120 Value Full Height Turnstile

Full height turnstile with high reliability and suitable for outdoor use. The waterproof design of the whole structure and the segmented installation design make the installation and maintenance of this product very convenient.

- LED indicates the passing direction(forbidden or available).
- When the power is cut off, the system will automatically unlock the brake levers into a free-passing mode to facilitate the evacuation of people.
- Valid passing duration settings: System will cancel the passing permission if a person does not pass through the lane within the valid passing duration.
- Support bi-directional passing through.

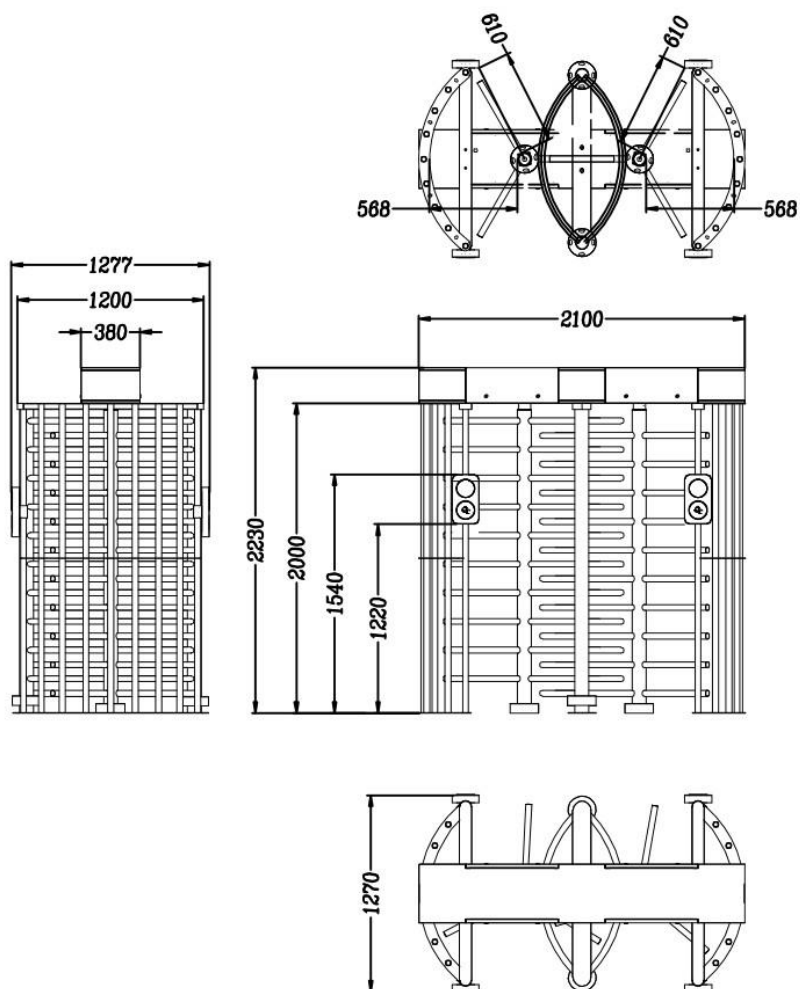

▪ Specification

System	
MCBF	More than 2 million times
