

**DS-SBOX-03****Hikvision Outdoor-Überwachungsbox**

- Hochfestes Polymer-Material (Flammensicher UL94-V0)
- IP66 & IK10 Schutz
- Schnelle Bereitstellung und einfache Installation zur Montage an einem Mast oder einer Wand
- Hochgradig anpassungsfähig mit Hikvision IPC, PTZ und IP Horn Speakers

## ▪ Spezifikationen

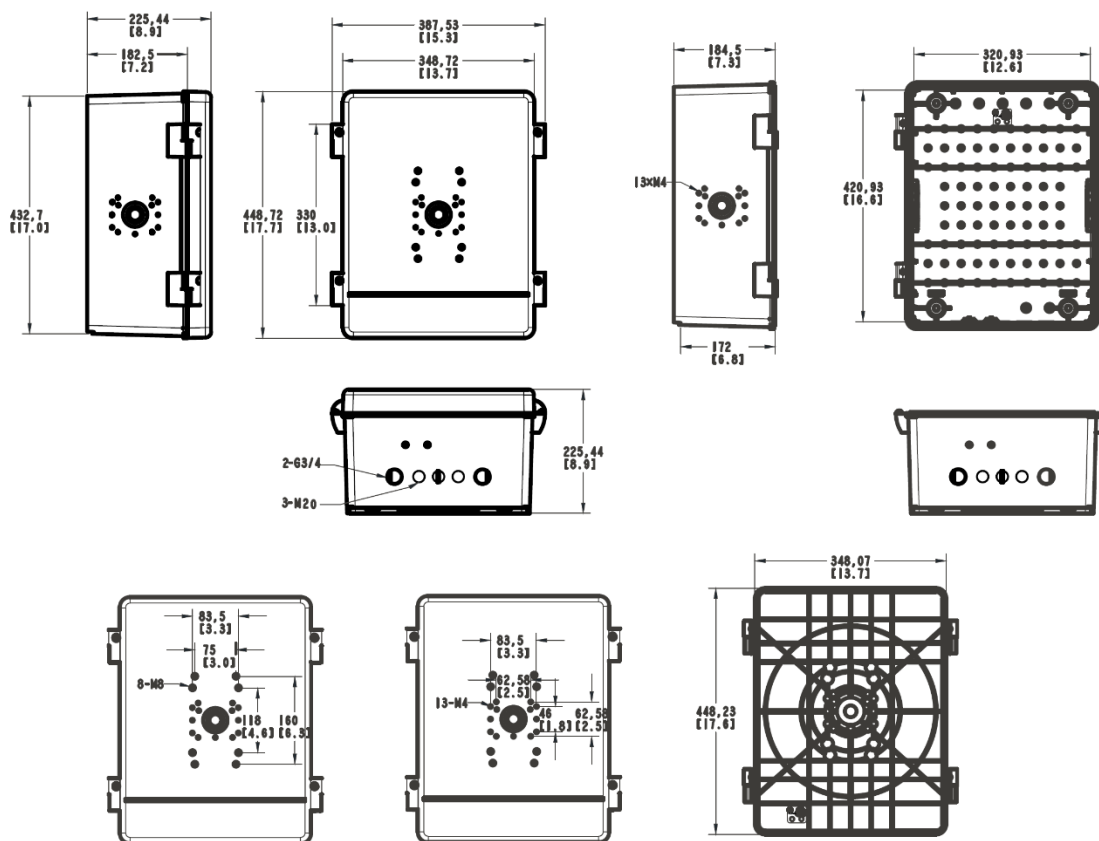

| Allgemein                      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |

## ▪ Verfügbare Modelle

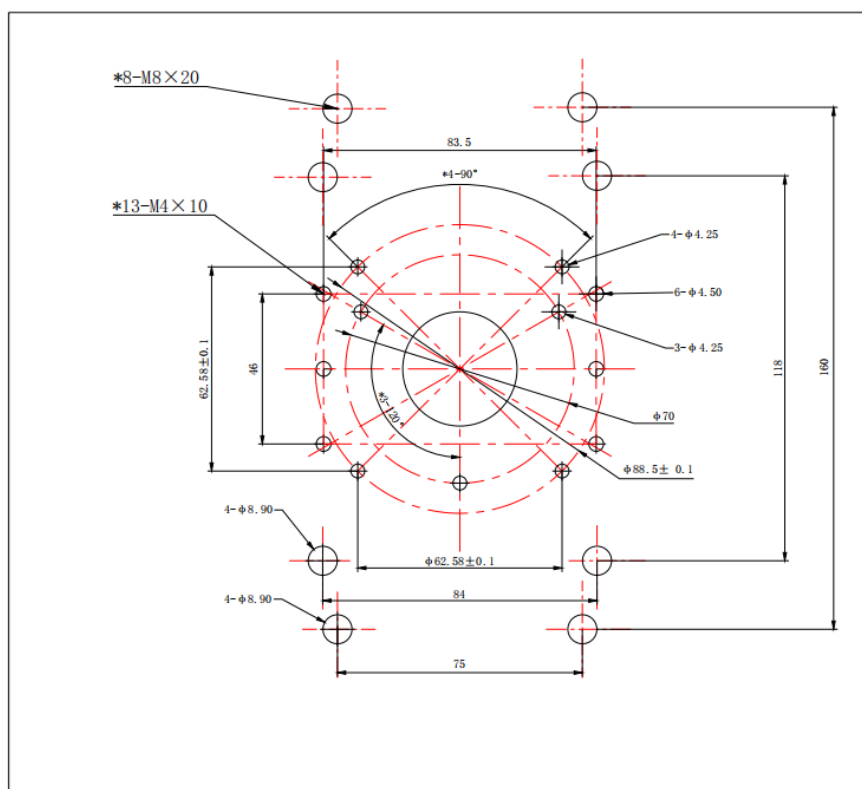

DS-SBOX-03

## ▪ Abmessungen Einheit: mm (Zoll)

## Abmessungen der Box:

## Frontplatte:

## Seitenwand:

Technical drawing of a mechanical part, likely a bracket or support structure, showing dimensions in millimeters (mm). The drawing includes a top view and a side view.

**Top View Dimensions:**

- Overall width: 317 mm
- Overall height: 240 mm
- Inner width: 90 mm
- Inner height: 24 mm
- Distance from left edge to center of hole: 73 mm
- Distance from top edge to center of hole: 24 mm

**Side View Dimensions:**

- Overall height: 428 mm
- Distance from bottom edge to center of hole: 373 mm
- Distance from top edge to center of hole: 218 mm

The drawing shows a central rectangular opening with rounded corners. There are two circular holes, one on the left side and one on the right side. The part is symmetrical about a vertical centerline.
