

DeepinMind Edge Fusion AI V5.11.230 Release Notes

Reason of Upgrade

Add new functions and optimize the user experience.

Main update

1. Add large water spread detection model and large water droplet detection model

Support direct analysis of large models for water spread detection and water droplet detection.

- a) Large model for water puddle detection: Detecting water puddles formed on the ground in the scenario of safe production enterprises.

- b) Water droplet detection large model: In industrial safety scenarios, identify water droplets hanging or dripping.

First Choice for Security Professionals
