

## Network Camera-V5.8.110 Release Note-G9 (2026-04-21)

Firmware Basic Information

Firmware version:

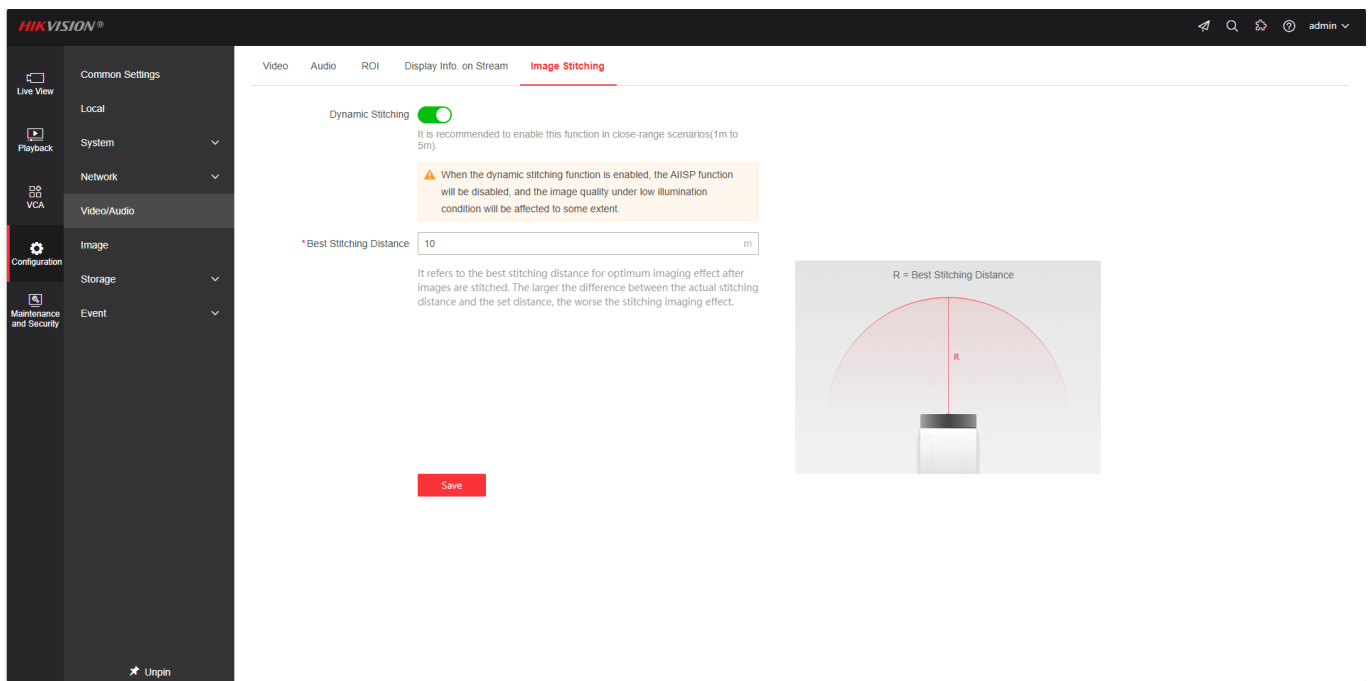

V5.8.110 build260421

### New Features

1. Support Dynamic Stitching, default ON.

For 8MP and 12MP cameras, when Dynamic Stitching is ON, the frame rate is automatically reduced to 12.5/15fps. After this function is OFF, the frame rate will be restored without reboot.

And after this function is ON, due to platform performance limitations, only 3 streams live view is supported.

### Modify Function

### Customer Impact and Recommended Action

This update refers to function/compatibility improvement and will take effect automatically after the Date of Change. We are very sorry for any inconvenience of use-habit changes caused by this action.

For any questions and request for this firmware, please contact our local technical support team.

## Remarks:

- Hikvision reserves the right to change, alter or withdraw the above notification without prior notice.
- Product design and specifications are subject to change without prior notice.
- The Hikvision firmware may contain errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.
- Hikvision is not liable for any typing or printing errors.
